

CSA II® Hosts Heritage ~ Not Hate Cookout and Flag Rally

Osawatomie, KS - July 12, 2019

Today an article was written by a very unethical reporter with The Kansas City Star.

This reporter, by the name of Toriano Porter, publicized a completely false account of an Upcoming Event being held in Osawatomie, Kansas entitled Heritage ~ Not Hate Cookout on July 13th, 2019 that was NOT put out by CSA II®.

The correct information that was put out by our Media Relations Department was the following:

- Our Kansas Chapter choose to honor their Confederate Heritage at John Brown Park, as is their right under the 1st Amendment of the United States Constitution, and as descendants of the Original Confederacy are not just in the south, they are nationwide as is CSA II®: The New Confederate States of America Inc.
- It is the ones who are Indoctrinated to that way of thinking, that think that way. That flag has ABSOLUTLY NOTHING TO DO WITH SLAVERY OR OPRESSION. The Original Confederacy had members of all ethnic backgrounds and creeds in it to include Black Confederates, Jewish Confederates, and Irish Brigades to name a few. The flag has flown in every theater of combat from the War of Northern Aggression forward to most recently, Afghanistan and Iraq!!! It's just a battle flag, nothing more!!!
- Heritage ~ Not Hate honors ALL the individuals who fought for the Confederacy no matter their background or creed as well as that this organization does not stand for ANY type of hate whatsoever!!!
- To anyone objecting to the celebration or who may decide to be there to cause trouble with the event attendees, Law Enforcement is aware of the event and anyone there to

cause trouble or deter from the events objective, will be arrested without question and charges will be pressed on those individuals to the fullest extent of law. It would be best that they just not show up.

We here at CSA II®: The New Confederate States of America are here to officially say that this event is completely Heritage ~ Not Hate. We do understand that Kansas was a free state during the Original War of Northern Aggression, but our organization is CSA II®, A National Heritage ~ Not Hate Confederate Heritage Organization, Headquartered out of East Tennessee with chapters in all 50 states including Alaska and Hawaii. We do not support Hate, Racism, Oppression, or Discrimination of any individual for any reason whatsoever. We support Honoring Our Heritage and Protecting Our Monuments.
